BRIEF ABSTRACT OF LETTER.

States that Gidda Munia along with some others were doing duty in the Achri Dept of the City and the C & M station Municipalities while under the management of one President. That when the joint management ceased in 1887, they continued to serve in the City & paid out of the City Municipal fund. recommends therefore that their services rendered in the Station Municipality may also be counted as eligible for pension or gratuity payable in the Municipality.

NOTES AND ORDERS.

Govt. once declined to sanction the recommendation on the strength of precedent. (Vide Flooded. 25/7/06)
The President now solicits a reconsideration of the order.

During the period in question
 the 5 persons were working in
 the Combined District Dept of the City
 & the C.M. Station of Bangalore,
 which was under the control of
 one President - The present
 proposal is to allow the period
~~for service solely from the~~
 City to be counted for service
 or gratuity from the City Municipal Revenue.
 It is not clear why the C.M.
 Station, ^{municipality} should be exempted from
 bearing its share of the gratuity
 or pension payable to these
 persons & why the whole liability
 should be borne by the City Municipality.
 The President may be asked to
 ascertain if the C.M. Station
 Municipality will accept a
 proportionate share of the pension
 or gratuity on behalf of these
 persons for the service rendered
 under it. In a similar case
 they did not agree to this
 arrangement but that case was

The President simply says that two
persons were pensioned. He does
neither say who they are nor whether
in their cases the pensions were
apportioned between the Station
and the city municipalities.
The case that is readily available
in this office is that of one Achin-
pand Kalasa, in whose case the
services rendered in the Station
municipality were rejected
and gratuity was paid only for
services rendered in the city
municipality. So this case does
not support the recommenda-
tion of the President. A draft

cases he refers to and if in those
cases the pension

from the revenues of the City Municipality. In the other case (Kulasa) Service under the Station Municipality was shown and washed out. It is no doubt hard on the men to be deprived of a portion of their Service which was continuous and it is not their fault if proper arrangements were not made to secure to them their right to a pension or gratuity for the Service which they were required to render in the Combined City & Station District Establishments. At the same time it is unjustifiable to burden the City Municipality with the whole of their pension or gratuity while the benefit of a share of their services was reaped by the Station Municipality which has disclaimed its responsibility to bear a proportionate share of the charges. The President of the City Municipality is however willing to bear the entire pension charge. In consideration of the fact that the men were partly in the employ of the ^{City} Municipality during the period in question and of the fact that the share to be borne by

the Natori Municipality is small as the period of Combined Detach arrangement was only for about 4 years, the recommendation of the President may perhaps be approved if it is supported by the Municipal Commission. It is well stated if the opinion of the latter has been obtained in the matter and if approved the President will be asked to submit the question to the Municipal Commission and communicate their resolution -

It appears from the above notes that (1) joint service under the two municipalities was not permissible, (2) in one case, ⁱⁿ which pension for such service was claimed the claim was rejected & (3) in another case, pension was inadvertently sanctioned for the full period, as such service was not clearly shown under the details given in the pension application.

It is clear therefore, that the practice hitherto has been to neglect such service for purposes of pension & there will be no special hardship involved in the case of the 5 men referred to if

this practice were be continued - the
men accepted service under the Municipality
before pension rules were extended to their employees
with the full knowledge that their service would
not count towards pension -

If any special concession to these men
is considered desirable, seeing that the
Civil & Military Station Municipality paid $\frac{2}{3}$ of
their pay & the City Municipality only $\frac{1}{3}$,
it may be at only one third of the total
joint service as pensionable from the City Municipal

S.F.A (552-05)8
declining sanction to count, towards
pension, the period of service of 4
years, 7 months and 18 days rendered
in the Civil and Military Station
Municipality of Bangalore by
Octroi Peon Gidda Muniya, I
have the honour to state that
this individual who was formerly
employed in the late Kandachar
was selected along with some others
and drafted for duty in the combined
Octroi Department of the City and

Civil and Military Station which
 was then under the control of one
 President who administered it
 under an agreement that the
 City and Civil and Military
 Station Municipalities should share
 the total octroi receipts and ex-
 penditure in proportion of one-
 third and two-thirds respectively.

2. When the joint management
 of the Octroi Department ceased
 to exist as per Government pro-
 ceedings No 8221/798 dated the
 23rd March 1887, about 30 men
 who had been detailed for
 duty, as explained above, con-
 tinued to serve in the City and
 paid out of the City Municipal Funds.

3. There are at present only 5
 men left out of the above number
 whose names are noted in the
 margin & who are praying
 for the grant of pension or gratuity
 for the whole period of their service
 in the Octroi Department.

I have the honour to reply to your endorsement No.454 dated 28th January 1907, communicating copy of a letter from the Secretary to the Government of Mysore, General and Revenue Department, who wants to know whether the Station Municipality is prepared to accept a proportionate share of the pension or gratuity admissible to certain subordinates of the City Octroi department, who had been working in the combined establishment of the Station and City Octroi and Department prior to the abolition of the octroi duties in the Civil and Military Station and who, on such abolition, were taken over by the City Municipality.

2. As there were no pension rules in force in this Municipality at the time of the abolition of the town duties in the Station in 1887, this Municipality is not liable to contribute towards the pension or gratuity of the subordinates referred to.
